Dear Sir/Madam:

This is a notification pursuant to 21 U.S.C. 343(r)(6) that Standard Process Inc., **Palmyra**, Wisconsin 53 156-0904, is making the following statements:

- (1) Myotrophin PMG is a product formulated to help maintain the healthy functioning of the muscular system.*
- (2) The antigenic properties promote healthy cellular division, function, and growth.*
- (3) The bovine muscle **PMGTM** extract in Myotrophin PMG appears to neutralize the circulating antibody, thereby contributing to the maintenance of cellular health.*
- (4) Myotrophin PMG helps support muscle health.*
- (5) Maintains cellular health. *
- (6) Magnesium and calcium play an important role in human metabolism.*
- (7) Coenzyme **Q10** complex is a vitamin-like substance, well established in scientific literature as an important nutrient in maintaining healthy muscular function.*
- (8) One of its many influences is its antioxidant effect to help scavenge free radicals.*
- (9) Magnesium functions in such reactions as nerve conduction and nerve excitability; transfer of energy, muscular activity; and many other specific processes.*
- (10) Magnesium functions as a co-factor, assisting enzymes in catalyzing many chemical reactions.*

STANDARD PROCESS INC.*1200 WEST ROYAL LEE DRIVE•PALMYRA, WI 53156•414•495•2122•FAX 414•495•2512•1-800-848-5061

66104
LET 3936

- (11) Myotrophin PMG sustains metabolic efficiency.*
- (12) Myotrophin PMG provides nutritional ingredients and support for the muscles.*

These statements are made for a dietary supplement containing a proprietary blend of bovine muscle PMG™ extract and magnesium citrate. Other ingredients include calcium lactate, cellulose, and calcium stearate. And the name of the product is Myotrophin PMG®.

The information contained herein is accurate and Standard Process Inc. has substantiation that the statements are truthful and not misleading.

Sincerely yours,

Ann Holden
Standard Process Inc.
